August is the perfect time to enjoy the warm waters of the Cayman Islands. This year we are venturing to the recently renovated Cayman Brac Beach Resort!

70 dive sites with amazing visibility and the iconic 330' Keith Tibbits wreck await your bubbles. The wonderful REEF Divers staff are famous for their VALET service. Safety first with FUN a close second, you'll never be more spoiled than diving in the Caymans.

Can it get any better? YES! Wait til ya feast your eyes on the chef prepared meals. The bartenders at the Topsy Turtle will bring your umbrella* laden pina colada poolside while you bask in the sun.

*Drink umbrella availability not guaranteed could be fresh fruit!

The stars at night are simply amazing especially from that oceanside hammock. So what are you waiting for? Turtles, groupers and stingrays oh my.... Sign me up!
